Gestabiliseerde geschakelde voeding

15V DC / 10 A

ENGLISH

Datasheet

150W Enclosed Power Supply Range

Features:

- No Load Power Consumption <math><0.5W</math>
- Small Compact Design
- Cooling by free air convection
- High efficiency, long life and high reliability
- 3 Year Warranty
- Universal Input
- Withstand 5G Vibration Test
- UL & CE Approved

The 150W enclosed power supply range has been specially designed to offer high efficiency, long life and high reliability for use in a variety of applications. This range comprises of 4 models with outputs of either 12v, 24v, 36v or 48v. Each model is RoHS, CE, UL approved and come with a three year warranty.
